Chambersburg, PA 17201

Payment Policy

In challenging economic times, all small businesses are faced with difficult decisions in order to ensure their survival. When I founded Dental Solutions of Chambersburg in 2006, we were 100% Fee-For- Service. We participated with No insurance plans, although we filed all claims for patients at no additional charge. Now that we are participating with the majority of insurance plans offered by employers in this area, we have no option but to change our payment policies. The main problem with accepting so many insurance plans is cash flow. Originally the practice was paid up front and patients were reimbursed by their insurance company. Now that we participate, by law your insurance company has up to 90 days to pay us for your treatment. As a result, Dental Solutions of Chambersburg is requiring you as our patients to pay your portion, not covered by insurance, at the time of service. There will be **NO EXCEPTIONS**, regardless of any financial arrangements patients may have had with this practice in the past. There are no **"Payment Plans"** other than approved third-party finance providers such as Care Credit. We are not a bank or credit union, we are a small business trying to survive in very difficult economic times. We are very sorry for any inconvenience this may cause you or your family, however moving forward, there will be no exceptions. Dental treatment today means payment today. If we are unable to meet our payroll, pay our taxes, workers comp or insurance obligations, we believe it would be an even greater inconvenience for us to close our doors.
